

P-3.5G / P-3.5GL / P-3.5SR / P-3.5SRL 3.5 stereo miniplugs

			
P-3.5SR	P-3.5SRL	P-3.5G	P-3.5GL

Appearances of Digital music players have expanded the field of listening to music endlessly. Due to their convenience and portability, not only general users but also audiophiles regard them as the music player of the new generation.

And then, various related accessories such as portable amp and monitors such as headphones and desktop speakers are produced for better sound quality.

Changing a headphone cable is of course one of the very important factors for improvement sound quality.

At the same time we produced HPC series headphone cable, we developed the hi-quality 3.5mm stereo mini plug, P-3.5 series” for D.I.Yers who love to customize their special accessories.

Please enjoy crafting your own cables with P-3.5 series which are produced with the accuracy of products “Made in Japan”.

Material/Structure

For its contact material, we employed RoHS compliant brass. The centre pin which is core of the signal transfer is plated by thick 24K gold for the P-3.5G/P-3.5GL and pure silver + rhodium for the P3.5SR/P3.5SRL. These protect from erosion and improve the transmission property. The outer shell is cut by accurate NC machining, knurled and chrome plated.

Material P-3.5G/P-3.5GL: brass (24k gold plating)
P-3.5SR/P-3.5SRL: brass (silver + rhodium plating)

Outer shell brass + chrome plating

Diameter of outer shell 8.3mm (max.), 8.0mm (min.)

Install cable O.D 6.0mm or less
